**4-YEAR GUARANTEE ON
FEET, SEMEN & DISPOSITION**

**BULLS THAT WORK
AS HARD AS YOU DO.**

At River Creek Farms, we breed bulls that work as hard as you do. Our focus is simple: help you make more money and reduce problems in your herd. These bulls are built for calving ease, good temperaments, and top-tier carcass quality, all while delivering the performance benefits of hybrid vigor. After over 40 years of raising and marketing seedstock bulls, we know what works. That's why we stand behind every bull we sell.

These bulls will work for you. I guarantee it.

A handwritten signature in cursive script that reads "Joe Mertz".

VOLUME DISCOUNTS

Purchases of 3 or more bulls qualify for a discount equal to the number of bulls bought, up to 10%. For example, buy 6 bulls and get a 6% discount.

DELIVERY

Free delivery nationwide. \$100 discount per bull if you haul your purchased bulls home sale day.

HEALTH

Each bull has been vaccinated with IBR, BVD, P13, Vibro Letpo 5, 7-way Blackleg, poured with Ivomec and received a magnet. All bulls have been fertility checked. Actual scrotal measurements for Fall and Spring bulls are listed in the catalog.

EXTENDED CARE

River Creek Farms will take the bulls home and continue to develop them until March 15, free of charge.

RETAINED SEMEN INTEREST

River Creek Farms will retain 1/3 semen interest on all bulls in the offering, unless otherwise noted.

ABOUT RIVER CREEK

At River Creek Farms, we're proud to lead the state of Kansas in annual registrations of Simmental and SimAngus cattle. This distinction reflects our commitment to providing high-quality Simmental-influenced genetics, a legacy that dates back to the early 1970s.

PROGRESSIVE HERD SIRES

By integrating cutting-edge genetics into our program, we ensure our herd remains at the forefront of the industry. Anchoring our program are bulls like KBHR Revolution, KBHR Homelander, Schooley Haggard, TERS Kodiak, and Rubys Quadrant—all of whom embody the calving ease, performance and carcass traits that drive profitability.

A BUSINESS-DRIVEN COWHERD

For five generations, River Creek Farms has operated with a business-first mindset. From day one, we've prioritized profitability, focusing on genetics that thrive on the native grasses of the Flint Hills while delivering exceptional performance. This approach is not for the faint of heart—we cull relentlessly, ensuring only the highest-quality animals remain in our herd.

A FARM FAMILY LEGACY

River Creek Farms is owned and operated by Joe and Kim Mertz, alongside their son and daughter-in-law, Abram and Dani Mertz. With over 35 years of experience selling bulls at public auction—and a legacy of ranching that dates back to 1890—our commitment to breeding bulls that work as hard as the ranchers who depend on them has never been stronger. ■

BUILT TO WORK

At River Creek Farms, our breeding philosophy is grounded in one simple principle: every bull we sell should deliver a measurable return on investment for our buyers. This isn't just a goal—it's a promise backed by decades of experience, data, and a commitment to excellent service.

Longevity is more than a desirable trait—it's a critical factor in a bull's ROI. At River Creek Farms, we breed, develop, and handle our bulls to maximize their productive lifespan, ensuring that every bull not only performs but performs for years to come.

DEVELOPMENT

Our approach begins during the post-weaning growth phase, where bulls are raised on grass with limited resources. This targeted development encourages slow, steady skeletal growth, producing bulls with strong feet and sound structures. By focusing on building skeletal strength and athleticism early, we create bulls that can responsibly add muscle and pounds during testing and thrive under demanding conditions for the long haul. This process results in mature bulls equipped to breed cows season after season, delivering consistent value to their buyers.

HYBRID VIGOR

At River Creek Farms, we embrace hybrid vigor to create bulls that blend the maternal strength and structural soundness of Simmental genetics with the carcass quality and efficiency of Angus. Crossbreeding reduces the incidence of common challenges like hoof and fertility issues while increasing a bull's productive lifespan. The result? Bulls that deliver higher ROI by lasting longer and performing better across a range of conditions.

DISPOSITION

We recognize that a bull's disposition directly impacts both safety and productivity. That's why we practice a low-stress handling system throughout our operation. From an early age, our bulls are exposed to human interaction in controlled environments, fostering familiarity and reducing flight responses. The result is bulls that our customers say are calm, cooperative, and accustomed to working in close quarters.

NO EXCUSES

Every ranch is different. Whether it's the heat and humidity of the Southeast, the rugged terrain of the Rockies, or the vast open spaces of the Plains, we understand that bulls need to adapt to the unique challenges of their environment. That's why we expect every bull we sell to perform wherever they go—no excuses.

This commitment is why we stand behind our bulls with an industry-leading 4-year guarantee. It's not just about confidence in our product; it's about ensuring that every buyer knows they're investing in a bull that will deliver value, regardless of where it's headed. ■

4-YEAR GUARANTEE

ON FEET, SEMEN & DISPOSITION

We're committed to making sure your investment in River Creek genetics produces a positive economic return.

We believe that trust and transparency are the pillars of any successful business relationship. While we do everything in our control to develop young herd sires that are built to work - it's possible a bull may still fail to breed cows for a variety of reasons post sale. If this happens, we want to be as transparent as possible in how we will handle the situation.

We guarantee every bull sold will work for four years/breeding seasons. Should a problem arise, credit will be issued equal to the bull's Net Breeding Value minus the salvage price you receive locally. ■

EXAMPLE NET BREEDING VALUES

SEASONS COMPLETE*	PRICE \$3000	PRICE \$5000	PRICE \$7000
0. No cows bred	\$3000	\$5000	\$7000
1. Spring/Fall 2025	\$2250	\$3750	\$5250
2. Spring/Fall 2026	\$1500	\$2500	\$3500
3. Spring/Fall 2027	\$750	\$1250	\$1750
4. Spring/Fall 2028	\$0	\$0	\$0

* Season(s) complete: the last breeding season the bull successfully bred cows.
Buyer keep 100% of the salvage price at all times.

"The best part of River Creek bulls is the people behind them. They have a good guarantee and they stand behind their cattle completely. Great people to do business with. I've spent a lot of time on the phone with Joe, and he's been helpful in identifying the bulls that have been a real asset to my program."

Ron Brown

TOP DOLLAR ANGUS THE MARK OF CARCASS QUALITY

Top Dollar Angus is the first and only certification program for commercial feeder cattle focused exclusively on Angus and Red Angus-based cattle with **top 25% growth and carcass traits**. River Creek Farms relationship with Top Dollar Angus rewards our buyers who focus on producing profitable cattle. Top Dollar works with cattle buyers and feedlots looking to purchase and feed high-value feeder calves.

We are offering **140 Top Dollar Angus qualified SimAngus bulls**. Each bull represents an exclusive opportunity to purchase SimGenetics that possess the Marbling genetics to qualify for premium Angus-based feeder programs, while taking advantage of natural growth benefits associated with hybrid vigor. ■

"As I travel and meet with our Top Dollar Angus Feeding partners, feedlot managers consistently say that, for success, they need cattle they KNOW can stay healthy, grow quickly, efficiently, and achieve the carcass traits to reach a high-quality grade."

Nate Smith
General Manager
Top Dollar Angus

River Creek Farms has focused on these same traits with hybrid genetics for use on Angus and Red Angus-based females and built them to meet the industry demand."

COMMITTED TO CALVING EASE

River Creek cows are expected to calve unassisted, re-breed on grass without grain and wean a calf. Cows that fail to meet our strict standards are culled from the herd. Bulls in the catalog are ranked based on their genotype, using the star rating system to the right. ■

Use on any British or Continental heifer, and young or mature cows.

Use on bigger framed heifers, young cows, and mature cows.

Use on young or mature cows.

Use on mature cows only.

WE DELIVER

Free nationwide delivery for every bull.

■ FREE DELIVERY NATIONWIDE

River Creek Farms offers free delivery anywhere in the lower 48 states. We work alongside trusted livestock transporters to ensure professional, careful handling of your cattle. We'll collaborate with you to arrange delivery, with most cattle delivered within 45 days of the sale.

If expedited delivery is needed, let us know immediately, and we'll make arrangements. In some cases, buyers may need to meet the truck at a central location, such as a livestock auction or veterinary clinic, nearby. ■

HAUL HOME DISCOUNT

\$100 discount per bull if you haul your purchased bulls home sale day.

FREE DELIVERY

To customers nationwide.

2024 SALE DAY AT RIVER CREEK FARMS

ABSENTEE BIDDING OPTIONS

Bid with confidence knowing we stand behind every bull.

A

PLACE AN ORDER

Call Joe at 785-458-9494 anytime in advance of the sale to discuss the bulls and place an order. Long time customers trust us to purchase bulls for them. We will treat your herd like our own.

B

BID ON DVAUCTION

The sale will be broadcast live on DVauction. Please register in advance to avoid any issues. We have broadcast the sale on the internet for the last decade and never experienced any issues. We recommend this method.

C

BID ON THE PHONE

You are welcome to bid over the phone. Please call Joe Mertz at 785-458-9494 prior to the sale to indicate what lots you are interested in bidding on. On sale day, a member of our team will be in touch to field your bids.

SIGHT UNSEEN GUARANTEE

We want you to feel comfortable bidding on the bulls if you can not make it sale day. If you're concerned about buying a bull sight unseen, please remember that if you're not satisfied with the bull, we will return your money.

HOMELANDER is currently the #1 active SimAngus herd sire in the database for \$TI and #2 for Marbling. He was our \$30,000 high selling selection in the 2022 Keller Broken Heart Ranch Bull Sale. While only a small sampling of semen was offered prior to this year, sons have already topped Irvine's Sale in Manhattan, KS and created pandemonium at the Gibbs Sale in Ranburne, AL with one baldy bull topping the sale at \$55,000 selling to Cow Camp Ranch, Eihacker Simmentals and All Beef Genetics. Another son, Landman, also topped the Souther Superior Bull Sale. We will be offering a limited release of semen this spring, available to ship now. Purchase semen exclusively at RiverCreekFarms.com. ■

REVOLUTION was our \$75,000 high selling selection in the 2021 Keller Broken Heart Ranch Bull Sale. As you can see by his mature photo, he continues to showcase an awe-inspiring phenotype and a beautiful blaze face. Coupled with elite growth and carcass genetics that are now proven, we believe **REVOLUTION** has the potential to be a transcendent Simmental herd sire. His first daughters are in production and posses beautiful udders. We couldn't be more excited about the impact this sire is having on the next generation of River Creek genetics. ■

HAGGARD was our \$32,500 high selling selection in the 2021 Schooley Cattle Company Bull Sale. Three years later, we feel like that was a steal. Why? There is no better combination of phenotype and marbling in the breed. Look no further than his sons in this year's sale. Currently, **HAGGARD** ranks as the #8 Active SimAngus bull in the Simmental database for the \$TI EPD. Amongst active sires, he is also the 10th highest Marbling EPD. Not to mention, he's a heifer bull with well above average growth. ■

RUBYS

QUADRANT

210K

\$50

Our \$80,000 high selling selection in the 2023 Ruby Cattle Co. Bull Sale. **QUADRANT** is already garnering attention from cattlemen quite literally around the globe. Genomically, **QUADRANT** possesses every trait our most astute commercial customers are looking for, including the fact that he is an ACE certified calving ease son of LBRS Genesis. Phenotypically, he's got a powerful build with perfect, huge, feet. ■

KODIAK

206K

\$50

KODIAK was the \$110,000 high selling bull in the 2023 Bred For Balance Sale. We partnered with Schooley Cattle to bring this bull to River Creek. As the preeminent son of Gibbs Essential, **KODIAK** stands as a testament to the power of performance-driven genetics in creating a harmonious blend of balance and eye appeal, both phenotypically and genetically. We believe he will sire bull calves that increase carcass quality and size without sacrificing maternal excellence. Look for his first calves in our Fall 2025 sale. ■

SIRE KBHR HOMELANDER J071

- **RVR LANDMARK 502L** has the highest \$API and \$TI among white-faced Homelander sons to date. That's why he's our lead-off bull from an outstanding set of KBHR HOMELANDER J071-sired bulls.
- His unique combination of extreme calving ease, - 4.5 birth weight, and high growth, coupled with Top 1% rankings for Marb, API, and TI, is unmatched in the ASA database.
- He is out of a stunning bald daughter by RC XCEED 063D. Her sire was one of our past high sellers, sold to Triangle J Ranch and Gibbs Farms. We've successfully used him in our herd to infuse elite marbling genetics without losing mass and thickness.
- If you're a breeder aiming to produce white-faced bulls and heifers that exceed 200+ \$API and 100+ \$TI, **LANDMARK** is the bull for you. His progeny will be highly sought after, and we plan to incorporate him into our program as well. Don't miss this opportunity to elevate your herd with this exceptional bull.

MATERNAL BROTHER RVR ROGUE 502H

- **RVR LANDMASS 538L** is an absolute phenotypic stud, and why wouldn't he be? He combines the breed's hottest SimAngus sire, KBHR Homelander J071, with the dam of our past high-selling bull, RVR Rogue 530H. **LANDMASS** is thick from end to end and flawless in his structure. This is the bull to use if you want to add phenotype and power to your calves.
- Maternally, **LANDMASS** combines KBHR Medora G132, a top cow and donor from Keller Broken Heart Ranch, with MOGCK Jilt 2101, the cow that produced W/C Rapid Fire 2101C, our past herd sire. Our Rapid Fire daughters are standouts in the pasture. They're great mothers who transmit consistently good looks in every generation.
- If you're looking for a front-pasture bull with power, carcass quality, and the ability to produce powerful, bull-making daughters that are the cattleman's kind, this is the bull for you. He won't miss the target.

GIBBS 7382E BROAD RANGE

■ **RVR RANGELAND 529L** is a fault-free bull and exactly the kind we strive to mass-produce. Genomically, he's designed to work in every management scenario.

■ He's a true "sleep-all-night" heifer bull. He combines calving ease with exceptional performance, ranking in the Top 4% for WW, Top 5% for YW, Top 3% for Marb, Top 2% for API, and Top 1% for TI. Simply put, he's a bull that can do it all.

■ In our opinion, **RANGELAND** possesses a maternal pedigree that is second to none. His dam is a GIBBS 7382E BROAD RANGE daughter. We invested in Broad Range specifically to incorporate the SSF BLK LOUISE Y534 cow family into our herd, and based on his daughters it's been a success. A couple of generations back, you'll find Angus sires GAR SURE FIRE and SAV BISMARCK 5682, two bulls we consistently rely on to produce elite SimAngus cattle. Adding even more depth, his third maternal granddam is a full sister to RC Club King 040R.

RC XCEED 063D

■ **RVR PROMISE LAND 461L** stands out among the 55 KBHR Homelander J071 sons as the highest Marbling EPD in the sale.

■ The #5 Marbling SimAngus bull in America. Among all parent and non-parent SimAngus bulls in the IGS database, PROMISE LAND's 1.48 Marb EPD ranks #5.

■ **PROMISE LAND** is a well-balanced, deep-bodied bull with added frame. Watch his video and we think you'll agree.

■ We view **PROMISE LAND** similarly to ADV Compass L3574, the purebred bull we purchased from the Wagon Hammer Ranch bull sale last spring. He's a true breed-leading bull with a genetically stacked pedigree that will move the needle forward in a positive direction. If you're serious about producing cattle with exceptional end-product value and multi-generational maternal excellence from both Angus and Simmental sires, this bull is the clear choice.

■ We intend to utilize **PROMISE LAND** in our program moving forward.

■ **RVR REVOLT 532L**, our lead-off KBHR Revolution H071 son, is a stunning purebred baldy bull. He offers top-tier genetics, ranking in the top 15% for CE, top 2% for WW, top 3% for YW, top 10% for Marbling, top 10% for API, and top 3% for TI.

■ Not only will he stretch out his calves and add a white face, but they will also excel maternally. He combines the exceptional cow families of WS Miss Sugar C4 and our own RVR Miss Gold 207J, an up-and-coming superstar in our herd. We are big fans of our TJ Gold 274G females, and when you add power and growth to them, great things happen. With pedigree influences like TJ GOLD 274G, HOOK'S Eagle 6E, W/C Rapid Fire 2101C, and RC Club King 040R all on the bottom side, this bull is nothing short of remarkable.

■ Good baldy purebred bulls are in high demand and short supply. Don't miss out on this exceptional opportunity.

TJ GOLD 274G

■ **RVR JUMPMAN 503L** could easily be our logo bull of the year. We liked him so much, he actually ran with our fall cow herd. He exemplifies everything we strive to produce. With phenomenal Top 5% CE, Top 1% WW and YW, combined with Top 25% Milk and Top 4% Marbling, he is truly something special. His spread from -1.8 BW to 194.1 YW makes him unique—he's the only SimAngus in the breed to achieve this remarkable combination.

■ On the maternal side, he's out of RC Miss Gold 423J, our standout TJ Gold SimAngus female, identified as our best for adding a punch of performance. While we love the Gold females, few achieve Top 4% WW and Top 5% YW like she does. In this sale, we are offering four sons, but this is the only one sired by Powerball23.

■ **JUMPMAN** is not just a great commercial man's bull; he can also move the needle for seedstock operations. Breed with 5/8 to purebred Simmental cows to make 1/2 or greater SimAngus herd bulls.

■ **RVR HAGGARD 563L** is unequivocally the best SCHOOLEY Haggard A411H bull we've produced to date. Amazingly he offers even more CE & a lighter BW than his sire. If you need a big time heifer bull take **563L** for a spin. He's out a first calf heifer so the genetics are as fresh as you will find. Much like his sire we know he will transmit consistent good type, with added body and easy fleshing ability. SCHOOLEY Haggard A411H makes great cows and we will continue to use them as outstanding maternal breeding pieces to breed to our power bulls. **563L** is the kind you turnout on a big group of heifers and keep every daughter and you'll love the consistent sons he will produce.

■ **RVR BROAD RANGE 449L** is a standout GIBBS 7382E Broad Range son. We've shared how much we admire the Broad Range females, and this bull exemplifies those traits. His sisters bring exceptional phenotype and power to our herd, and this bull can do the same for yours. We're particularly impressed by his build. He's big, long-bodied, powerful, and well-structured—everything you want in a herd bull. He'll produce heavy, high-performing bull calves and stout, productive females that will stay in your herd for generations.

■ **RVR CHURCHILL 3132** leads off our Angus division. We are committed to adding more Angus bulls each year to better serve our higher-percentage Simmental customers and to build relationships with Angus breeders across the country. 3132 is a phenotypic standout who will excel at improving a cow herd's power and growth, producing cattle the way real cowboys like to see them. He ranks in the Top 1% for WW and YW, Top 25% for Marb, Top 10% for RE, Top 4% for \$W, and Top 10% for \$F, \$B, and \$C.

■ **RVR HOMELANDER 423M** is a true powerhouse that commands attention and leaves everyone asking, "Who's that?" He represents a snapshot of our breeding program's direction. Combining our top herdsires, KBHR Homelander J071 and KBHR Revolution H071 into a hybrid package that will produce offspring that grow and grade exceptionally. Take advantage of these cutting-edge genetics in this spring-born.

"We have been buying bulls from River Creek Farms for 25+ years. The bulls are always ready to work when you get them. They are always gentle and birth weights are moderate. Our weaning weights have increased dramatically and our heifers are in demand. We have the best looking cow herd that we have ever had by keeping heifers out of Joe's bulls."

Steve and Janet Blackledge
