NOVEMBER 5, 2025 // MANHATTAN, KS**

**BUILT TO
WORK
ON ANGUS
COWS.**

**BUILT TO WORK FOR
YEARS - NOT SEASONS.**

At River Creek Farms, we raise cattle that earn their keep. No fluff, no gimmicks. Just genetics built to last and get the job done. Our genetics are calibrated to help cattlemen get the most out of crossbreeding, stacking hybrid vigor on real-world traits like calving ease, good temperaments, and lasting performance. After more than 40 years in the business, we know what works. We stand behind every animal that carries our brand.

These cattle will work for you. We guarantee it.

VOLUME DISCOUNTS

Purchases of 3 or more bulls qualify for a discount equal to the number of bulls bought, up to 10%. For example, buy 6 bulls and get a 6% discount.

DELIVERY

Free delivery nationwide. \$100 discount per bull if you haul your purchased bulls home sale day.

HEALTH

Each bull has been vaccinated with IBR, BVD, P13, Vibro Letpo 5, 7-way Blackleg, poured with Ivomec and received a magnet. All bulls have been fertility checked. Actual scrotal measurements bulls are listed in the catalog.

EXTENDED CARE

River Creek Farms will continue to develop bulls and females until December 1, free of charge.

RETAINED SEMEN INTEREST

River Creek Farms will retain 1/3 semen interest on all bulls in the offering, unless otherwise noted.

2025 BIF SEEDSTOCK PRODUCER OF THE YEAR

This distinction reflects our commitment to providing high-quality Simmental-influenced genetics, a legacy that dates back to the early 1970s.

PROGRESSIVE HERD SIRES

By integrating cutting-edge genetics into our program, we ensure our herd remains at the forefront of the industry. Anchoring our program are bulls

like Ruby Quadrant, KBHR Homelander, Schooley Haggard, TERS Kodiak, and Rubys Quadrant—all of whom embody the calving ease, performance and carcass traits that drive profitability.

A BUSINESS-DRIVEN COWHERD

For five generations, we've prioritized profitability, focusing on genetics that thrive on the native grasses of the Flint Hills while delivering exceptional performance. This approach is not for the faint of heart—we cull relentlessly, ensuring only the highest-quality females remain in our herd.

CONTINUING THE LEGACY

River Creek Farms is owned and operated by Joe and Kim Mertz, alongside their son and daughter-in-law, Abram and Dani Mertz. With over 35 years of experience selling bulls at public auction—and a legacy of ranching that dates back to 1890—our commitment to breeding bulls that work as hard as the ranchers who depend on them has never been stronger.

WE'RE HONORED TO BE RECOGNIZED AS THE 2025 BEEF IMPROVEMENT FEDERATION SEEDSTOCK PRODUCER OF THE YEAR. FOR OVER FOUR DECADES, RIVER CREEK FARMS HAS BEEN BUILT ON HARD WORK, DATA-DRIVEN DECISIONS, AND A COMMITMENT TO RAISING CATTLE THAT MAKE A REAL DIFFERENCE FOR COMMERCIAL PRODUCERS. WE'RE GRATEFUL TO BIF AND EVERYONE WHO'S BEEN PART OF THIS JOURNEY. FROM OUR FAMILY AND CREW TO THE CATTLEMEN WHO TRUST OUR GENETICS YEAR AFTER YEAR.

BUILT TO WORK

At River Creek Farms, our breeding philosophy is grounded in one simple principle: every bull we sell should deliver a measurable return on investment for our buyers. This isn't just a goal—it's a promise backed by decades of experience, data, and a commitment to excellent service.

LONGEVITY IS MORE THAN A DESIRABLE TRAIT—IT'S A CRITICAL FACTOR IN A BULL'S ROI. AT RIVER CREEK FARMS, WE BREED, DEVELOP, AND HANDLE OUR BULLS TO MAXIMIZE THEIR PRODUCTIVE LIFESPAN, ENSURING THAT EVERY BULL NOT ONLY PERFORMS BUT PERFORMS FOR YEARS TO COME.

DEVELOPMENT

Our approach begins during the post-weaning growth phase, where bulls are raised on grass with limited resources. This targeted development encourages slow, steady skeletal growth, producing bulls with strong feet and sound structures. By focusing on building skeletal strength and athleticism early, we create bulls that can responsibly add muscle and pounds during testing and thrive under demanding conditions for the long haul. This process results in mature bulls equipped to breed cows season after season, delivering consistent value to their buyers.

HYBRID VIGOR

At River Creek Farms, we embrace hybrid vigor to create bulls that blend the maternal strength and structural soundness of Simmental genetics with the carcass quality and efficiency of Angus. Crossbreeding reduces the incidence of common challenges like hoof and fertility issues while increasing a bull's productive lifespan. The result? Bulls that deliver higher ROI by lasting longer and performing better across a range of conditions.

DISPOSITION

We recognize that a bull's disposition directly impacts both safety and productivity. That's why we practice a low-stress handling system throughout our operation. From an early age, our bulls are exposed to human interaction in controlled environments, fostering familiarity and reducing flight responses. The result is bulls that our customers say are calm, cooperative, and accustomed to working in close quarters.

NO EXCUSES

Every ranch is different. Whether it's the heat and humidity of the Southeast, the rugged terrain of the Rockies, or the vast open spaces of the Plains, we understand that bulls need to adapt to the unique challenges of their environment. That's why we expect every bull we sell to perform wherever they go—no excuses.

This commitment is why we stand behind our bulls with an industry-leading 4-year guarantee. It's not just about confidence in our product; it's about ensuring that every buyer knows they're investing in a bull that will deliver value, regardless of where it's headed. ■

4-YEAR GUARANTEE

ON FEET, SEMEN & DISPOSITION

We're committed to making sure your investment in River Creek genetics produces a positive economic return.

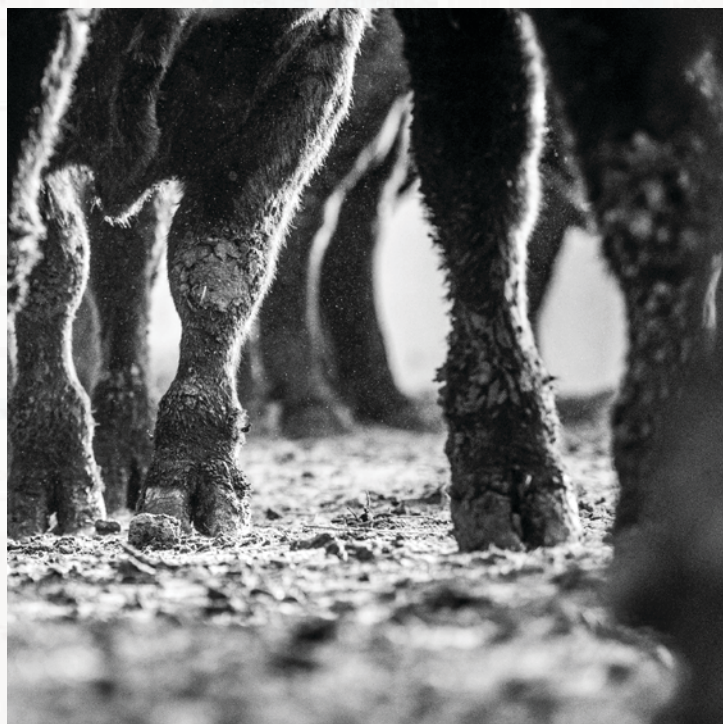

We believe that trust and transparency are the pillars of any successful business relationship. While we do everything in our control to develop young herd sires that are built to work - it's possible a bull may still fail to breed cows for a variety of reasons post sale. If this happens, we want to be as transparent as possible in how we will handle the situation.

We guarantee every bull sold will work for four years/breeding seasons. Should a problem arise, credit will be issued equal to the bull's Net Breeding Value minus the salvage price you receive locally. ■

NET BREEDING VALUES

SEASONS COMPLETE*	PRICE \$3000	PRICE \$5000	PRICE \$7000
0. No cows bred	\$3000	\$5000	\$7000
1. Spring/Fall 2025	\$2250	\$3750	\$5250
2. Spring/Fall 2026	\$1500	\$2500	\$3500
3. Spring/Fall 2027	\$750	\$1250	\$1750
4. Spring/Fall 2028	\$0	\$0	\$0

* Season(s) complete: the last breeding season the bull successfully bred cows. Buyer keep 100% of the salvage price at all times.

"The best part of River Creek bulls is the people behind them. They have a good guarantee and they stand behind their cattle completely. Great people to do business with. I've spent a lot of time on the phone with Joe, and he's been helpful in identifying the bulls that have been a real asset to my program."

TOP DOLLAR ANGUS THE MARK OF CARCASS QUALITY

Top Dollar Angus is the first and only certification program for commercial feeder cattle focused exclusively on Angus and Red Angus-based cattle with **top 25% growth and carcass traits**. River Creek Farms relationship with Top Dollar Angus rewards our buyers who focus on producing profitable cattle. Top Dollar works with cattle buyers and feedlots looking to purchase and feed high-value feeder calves.

We are offering 60 Top Dollar Angus qualified SimAngus and Angus bulls, along with 93 qualified bred heifers. Each lot represents an exclusive opportunity to purchase SimGenetics that possess the Marbling genetics to qualify for premium Angus-based feeder programs, while taking advantage of natural growth benefits associated with hybrid vigor. ■

"As I travel and meet with our Top Dollar Angus Feeding partners, feedlot managers consistently say that, for success, they need cattle they KNOW can stay healthy, grow quickly, efficiently, and achieve the carcass traits to reach a high-quality grade."

River Creek Farms has focused on these same traits with hybrid genetics for use on Angus and Red Angus-based females and built them to meet the industry demand."

NATE SMITH
General Manager
Top Dollar Angus

COMMITTED TO CALVING EASE

River Creek cows are expected to calve unassisted, re-breed on grass without grain and wean a calf. Cows that fail to meet our strict standards are culled from the herd. Bulls in the catalog are ranked based on their genotype, using the star rating system to the right. ■

Use on any British or Continental heifer, and young or mature cows.

Use on bigger framed heifers, young cows, and mature cows.

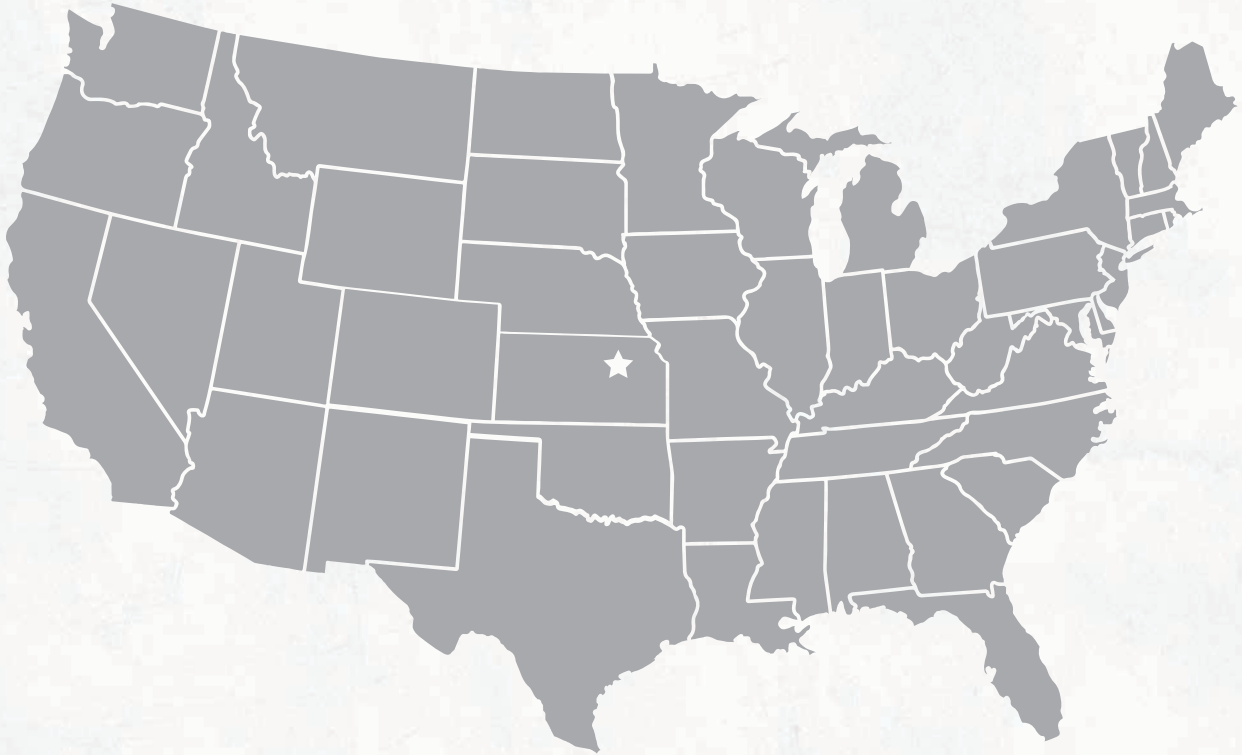

Use on young or mature cows.

Use on mature cows only.

WE DELIVER

Free nationwide delivery for every bull.

■ FREE BULL DELIVERY NATIONWIDE

River Creek Farms offers free delivery anywhere in the lower 48 states. We work alongside trusted livestock transporters to ensure professional, careful handling of your cattle. We'll collaborate with you to arrange delivery, with most cattle delivered within 45 days of the sale.

If expedited delivery is needed, let us know immediately, and we'll make arrangements. In some cases, buyers may need to meet the truck at a central location, such as a livestock auction or veterinary clinic, nearby. ■

HAUL HOME DISCOUNT

\$100 discount per bull if you haul your purchased bulls home sale day.

FREE BULL DELIVERY

To customers nationwide.

BRED HEIFER DELIVERY

We will pay one half of the delivery cost to central points anywhere in the continental US on bred heifers who sell for \$5,000 or more. For bred heifers under \$5,000 delivery will be at cost.

HOMELANDER is currently the #1 active SimAngus herd sire in the database for \$TI and #2 for Marbling. Exploding onto the scene in 2025, HOMELANDER has sired high-selling sons across the country — led by MONACO, the top-selling bull at Keller's, purchased by us for \$200,000. Another standout, Landman, topped the Southern Superior Bull Sale, and a powerful baldy son created pandemonium at the Gibbs Sale in Ranburne, AL, bringing \$55,000 and selling to Cow Camp Ranch and Eichacker Simmentals. He also sired the high-seller at Irvine's Sale in Manhattan, KS. ■

COMPASS is one of the most unique purebred Simmental bulls the breed has seen to date. He was our \$70,000 high-selling selection at the Waggonhammer Ranch 2024 Bull Sale. Earlier in 2024 his dam was the high selling female in Advanced Beef Genetics's dispersal sale, selling to Lucas Cattle Company. On paper, Compass is a true unicorn—offering the rare ability to inject growth, carcass quality, and profitability into every mating without sacrificing calving ease or maternal performance. His first calf crop is weaned at River Creek and we couldn't be more excited. They came easy, have plenty of look, and were very heavy at weaning time. ■

QUADRANT was our \$80,000 high seller from the 2023 Ruby Cattle Co. Bull Sale, and he's already making waves across the industry. Genomically, he possesses every trait our most astute commercial customers are looking for. Including the fact the he is an ACE certified calving ease son of LBRS Genesis. We've shipped semen to Australia and he's been used to flush both elite show cows and seedstock donor females in some of the nation's top herds. This is a bull clearly on his way to the top of the breed registry. Catch him now before it's too late. ■

NORTH was our favorite SimAngus bull to sell in 2024. He's a bull that epitomizes the perfect blend of smooth skeletal structure, commanding presence, and remarkable style SimAngus bulls command. With top 1% calving ease, he offers rare heifer-safe calving, growth, and marbling. We're using him heavily on our heifers, and Triangle J Ranch is too, proving his industry appeal. Expect **NORTH** to sire high-quality, marketable offspring that excel and command top dollar. Volume discounts available for large heifer projects. Call for pricing. ■

RVR
TYSON 429K

TYSON was our 2024 high seller, heading to Terry Bowen in Alabama—and it's easy to see why. With a 6+ frame score, he's exactly what today's commercial cattlemen are after: big, long, and built to add pounds. His spread is almost unreal—starting with a negative birth weight and rocketing to top 1% weaning and yearling growth. Add in mind-boggling marbling and the distinction of being the 6th highest \$TI active SimAngus bull in the entire database, and you've got a complete outcross that brings something truly unique to the table. ■

OPPORTUNITIES LIKE THIS DON'T COME ALONG OFTEN. A FULLY PROVEN HEIFER BULL, HAGGARD OFFERS THE RARE ABILITY TO SIRE HIGH-QUALITY SEEDSTOCK THAT COMBINE STANDOUT PHENOTYPE WITH ELITE GENETIC PROFILES.

Purchased for \$32,500 as the 2021 Schooley high seller, HAGGARD has proven to be a tremendous investment. He ranks among the elite SimAngus sires for \$TI, offering a rare blend of marbling, phenotype, and calving ease. The most proven son of the legendary SCHOOLEY MISS 3000A 823F, now a cornerstone donor under the River Creek Farms brand, HAGGARD is backed by over 400 progeny in the ASA database.

He consistently sires small-born, fast-growing calves with top 4% CE and top 10% growth. His offspring are moderate, thick, deep-ribbed, and correct, with exceptional feet and structure. HAGGARD improves hoof quality and adds natural dimension to every mating.

We're offering lifetime walking rights, retaining the option to collect him, and will coordinate convenient collection times with the buyer. Don't miss this incredible opportunity.

LOT 72 SIRED BY HAGGARD

LOT 78 SIRED BY HAGGARD

A PROVEN CALVING-EASE SIRE WITH SHOW-RING PRESENCE AND PASTURE PRACTICALITY. KODIAK TRANSMITS QUALITY, STRUCTURE, AND THE KIND OF LOOK EVERY BREEDER WANTS TO REPLICATE.

Our \$112,000 high-selling selection out of the 2023 Bred for Balance Sale, KODIAK has developed into a proven purebred Simmental calving-ease sire. He's long-necked, nice-headed, and among the most attractive sons of GIBBS 9114G ESSENTIAL. His pedigree stacks breed greats MCM TOP GRADE 018X, TNT DUAL FOCUS T249, and NICHOLS LEGACY G151 on the dam's side, ensuring his daughters will make exceptional cows.

His first daughters to sell have already turned heads—including the \$40,000 high-selling heifer for Schooley Cattle Co. in their 2025 sale. Based on the daughters in our herd and feedback from cattlemen across the country, there are certainly more to come.

After two productive fall breeding seasons and heavy use in our ET program, we are offering lifetime fall walking rights. Our partners, Schooley Cattle Co. and Clear Springs Farms, will retain their spring walking rights and semen interest. We will retain the option to collect KODIAK and will coordinate convenient times with the buyer.

- RVR HOMELANDER 145M is the first son of Homelander offered in this sale—the hottest SimAngus bull in the breed. He's a top heifer bull prospect, ranking in the top 15% for CE, BW, and STAY. Moderate, thick, and big-bodied, 145M combines look, structure, and maternal value in one balanced package.

- RVR QUADRANT 113M is the most physically impressive Rubys Quadrant 210K son in the sale. A true breeder-bull prospect, he ranks top 2% for WW and top 3% for YW, yet started with just an 82 lb birth weight. Long-bodied, big-barreled, and sound-structured, 113M carries the athleticism and look of his sire. He'll add muscle, growth, and punch—an ideal fit for southern cattlemen needing performance and power.

■ Phenotypically, this bull is super stout, big-hipped, and huge-barreled, carrying extra set and balance. Performance-wise, he ranks in the top 5% WW, 4% YW & ADG, 3% REA, 15% TI, 30% MARB, and 30% API—the kind that adds power, look, and predictable results. His maternal lineage traces to W/C Executive Order 8543B and GW Miss GPRD 028X, the famed Gateway Simmentals donor and Denver Sale standout.

■ Here is a blaze-faced bull with explosive growth and elite genetic merit. Ranking in the top 1% for WW and YW with a remarkable 174.7 YW EPD, he also lands in the top 2% for MWW, REA, and TI, top 3% for DOC and CW, and top 20% for MARB and API. Sired by KBHR Revolution H071, the proven baldy female maker whose progeny have advanced elite programs nationwide.

32

- A long, smooth-made, and slick-haired bull from a very consistent sire group. The Connealy Craftsman calves have been remarkably uniform, offering strong mating flexibility for our longtime customers.

- This bull is definitely an AI sire considering his EPD profile and royal pedigree. RVR VICTORY M404 absolutely stands out in the bull pen. He's powerful, well-made, and packed with muscle—all built on a balanced, structurally sound frame. His granddam is a full sibling to the immortal G A R Sure Fire, and his sire, 44 Victory, is gaining momentum across the nation. Keep an eye on the ASA Herdbook—when this one hits, he'll fly off the page. A true elite cleanup option for breeders looking to make elite Angus or SimAngus cattle.

44 VICTORY

CHAIR ROCK IN SURE 2008

**36**

- RVR DEADWOOD 4051 is a long, deep-made son of the popular Poss Deadwood. His dam combines C R A Bextor 872 5205 608 and MCC Daybreak, bringing proven maternal quality. He's a bull that blends high marbling with a big ribeye—offering real-world performance and carcass merit.

■ RVR MISS QUADRANT 033M may be the best purebred Simmental heifer we've ever offered. She stands out in a deep set of bred heifers, and if we weren't committed to selling the entire group, she'd be one we'd keep. She's powerful, long-bodied, and beautifully designed, with elite EPDs—top 20% CE; top 1% WW, YW, MWW, DOC, CW, and TI; top 10% MARB and API; and top 3% REA. Backed by GIBBS 7382E Broad Range and MCM Top Grade 018X, she's a no-miss donor prospect and one of the few heifers we've IVF flushed prior to breeding.

■ RVR MISS QUADRANT 601M is a $\frac{3}{4}$ Simmental, $\frac{1}{4}$ Angus female ranking top 10% for WW, YW, MWW, and DOC, and top 2% for REA. Power and growth define her, backed by a proven maternal pedigree—she's a Rubys Quadrant 210K daughter out of the renowned Rubys Linda 721E and GW Miss GPRD 028X cow families, tracing to MCM Top Grade 018X. A donor-quality female built for versatility in any SimAngus program.

■ RVR MISS HAGGARD 022M is the lead-off Haggard-sired female from an outstanding lineup of Haggard daughters. She's as good as they come—sound, feminine, and flexible on the move with a flawless look from the side. Nearly shown herself, she's matured into an elite breeding piece. Carrying a heifer calf by BAS New Heights M4042—one of the first pregnancies in the nation—she's a true herd-building female and rare opportunity.

74

■ RVR MISS HAGGARD 012M is a powerful, wide-chested daughter of Schooley Haggard A411H—thick from end to end with a bold rib cage and real brood cow presence. She's a true breeding piece with an outcross pedigree and impressive data: top 15% CE, 30% BW, 5% WW and YW, 2% MARB, and 1% TI and \$GN. 012M proves just how well Haggard sires work on power cows.

■ RVR MISS HAGGARD 303M is moderate, deep-made, and ultra-feminine—the kind you build a herd around. She ranks top 5% for API and top 10% for TI, combining balance and maternal strength. To top it off, she's carrying another elite BAS New Heights pregnancy—a no-miss female with herd-building potential.

■ RVR MISS HOMELANDER 042M is one of the best breeding piece females we are offering. She is a spread female with high CE, low BW and she is top 1% MARB, API & TI. Her dam is an embryo cow out of G A R SURE FIRE and a MCM TOP GRADE 018X cow. This is one guaranteed to produce herd bulls. 042M is long fronted, big framed and very skeletally extended. Guaranteed to produce herd bulls.

82

■ RVR MISS HOMELANDER 044M is one of the best made KBHR HOMELANDER J071 females we've had to date. Her dam has had 7 calves and she has a MCM TOP GRADE 018X grand dam. This mating to ADV COMPASS L3574 is absolutely nuts and the phenotype will be excellent. Our Compass calves are some of our stoutest, biggest bodied and heaviest muscled. We expect for this growth numbers to go even higher with more data submitted.

■ RVR MISS TRANSCENDENT 410M is a big-framed, long-made baldy daughter of G A R Transcendent. She's out of an embryo by a KBHR Revolution H071 daughter with six registered embryo calves to her name. 410M ranks top 2% for API and top 1% for TI. Bred to TJ North 528L for a heifer-safe bull calf, this female has the potential to pay for herself in one calf.

■ This is an absolutely stunning blaze-faced heifer bred by the Christensen's in South Dakota. What makes her especially intriguing is that she's one of the few registered females in the country bred to RVR Promiseland. If you missed our spring sale, Promiseland was a high seller, purchased by longtime customers, the Rosebrooks. He's the highest marbling SimAngus bull in the database. We expect him to sire elite females with incredible power, build, and the carcass traits commercial bull buyers demand.

Homozygous Black. Homozygous Polled.

- This heifer was purchase direct from Keller Broken Heart Ranch. Her grand dam the immortal and now deceased BAR CK MS X38 106Z and the great grand dam of Homelander!

111

■ We've experienced tremendous demand for ½ SimAngus bulls, so we sourced a select group of registered Angus heifers to produce them—and now it's your opportunity to take advantage. Each of these females is bred to sires chosen specifically to generate the kind of high-performing, high-selling bull calves our commercial customers demand. Leading off is 4013, a Certainty daughter with an impressive 413 \$C, 206 \$API, and 122 \$TI—a true standout in both phenotype and data. Certainty represents the next generation of Angus performance. Extraordinary growth, indexes, and maternal quality run deep in this mating. Her planned mating to TJ Take That shows top 1% for MARB, API & TI!

- Aberan Erica 4010 is another standout Certainty daughter, built to produce elite SimAngus cattle for years to come. Her Simmental EPDs are tremendous - top 1% CE, top 10% WW, top 4% YW, 1.99 MARB, 219 \$API, and 122 \$TI. She is the #3 MARB cow in the database. She's bred to Rubys Quadrant and is expected to calve a ½ SM calf that ranks top 1% for both \$API and \$TI—a truly powerful genetic package.

■ Aberan Ruby 4060 is another intriguing Angus female who translated exceptionally well into the Simmental database. **With a 2.30 MARB, she ranks as the #3 Angus female in the Simmental database for marbling!** Take a look at the projected EPDs of her SimAngus calf—this mating has the potential to pay for itself in one generation. We'd love to help you sell her calves.

■ A Basin Rainmaker daughter backed by a Chisum 6175 dam, this female is built for maternal strength and longevity. She's the kind of Angus cow that excels in real-world conditions—perfect for producing balanced, high-quality SimAngus calves. Bred to TAKE THAT, this mating offers exciting blaze-face potential along with the performance and look that make SimAngus cattle stand out.

SELLING FULL POSSESSION, OPEN READY TO FLUSH

- An example of the extreme SimAngus growth pedigrees we are known for, RVR MISS POWERBALL 431K is a 1/4 SM 3/4 AN female that represents the best of River Creek's program. Sired by Roseda Powerball F091 and out of a GAR Ashland x MCM Top Grade 018X, she blends elite Angus carcass genetics with proven Simmental maternal power.
- Lot 159 and 160 are directly related to the Powerball23 son's that have highlighted our past two sales. Averaging over \$16,000 per bull. With several high sellers going to seedstock breeders around the country.
- Ranking top 1% WW, YW, MWW, TI, and top 3% API, she combines performance, balance, and maternal function in a striking homozygous black, homozygous polled package. With 18 CE and -2.9 BW, she's the kind that fits anywhere—heifer-safe, high growth, and high quality. A true donor prospect designed for the next generation of SimAngus excellence.

SELLING FULL POSSESSION, SELLS OPEN READY TO FLUSH

- A full sister to Lot 159, RVR MISS POWERBALL 425K is another beautiful $\frac{1}{4}$ SM $\frac{3}{4}$ AN direct daughter of Roseda Powerball23 F091, carrying an extremely low birth weight EPD. At -5 she perfectly positioned to handle the next generation of high performance SimAngus A.I. bulls.
- She's angular, feminine, and backed by a powerful cow family—her dam 221H is backed by five generations of River Creek donors, with her fourth dam being a full sister to Club King. This line also produced red legends like RC Stinger 072K and TNT Gunner N208, all stemming from Miss RC 600U 501F, the matriarch of the modern River Creek herd.

**161****PICK OF THE 2024 FALL OR
2025 SPRING HEIFER CALVES**

For the first time ever, we're offering the Pick of the 2024 Fall or 2025 Spring Heifer calves. This is your opportunity to select from the very best of our replacement pens, packed with future donors and herd sire makers.

The spring group showcases elite sire lines, including the exclusive ADV Compass L3574 calves — now proven to be the best son of Hook's Galileo 210G. You'll also find the first calves by our 2024 high seller, RVR Tyson 429K, known for look, length, and performance, plus outstanding groups by TJ North 528L, KBHR Homelander J071, and Rubys Quadrant 210K.

The fall group is equally impressive, highlighted by our largest offering of Rubys Quadrant 210K daughters to date, backed by the powerhouse Linda cow family. You'll also find standout daughters of Schooley Haggard A411H — a favorite among cowmen who value functional, maternally designed cattle — and some striking TERS Kodiak 206K heifers.

We've partnered with Hidden Pines Cattle to bring 823F into the River Creek donor pen and now we're offering a flush to the bull of your choice on one of the most proven SimAngus cows in the breed. Few donors work as consistently—this is your chance to design your own elite mating.

Schooley Miss 3000A 823F was the foundation female at Schooley Cattle Co., with 95 registered progeny. Long, extended, and big-framed, she's known for power, balance, and one of the best udders in the business. Her sons—Schooley Haggard A411H, Krown 28K, and Knight 739K—speak for her quality.

We're also offering embryos by BAS New Heights M4042 and Rubys Quadrant 210K, two matings that combine elite figures, eye appeal, and breed-leading consistency.

SCHOOLEY MISS 212K 455M is a purebred Simmental baldy that's as striking to look at as she is powerful on paper. Her sire, SCHOOLEY KNIGHT 739K, is a son of CLRWTR GAME CHANGER H4A (CDI Innovator 325D × WS Miss Sugar C4) out of SCHOOLEY MISS 3000A 823F—making him one of the best bulls ever produced at Schooley Cattle Company.

Her dam is sired by our proven female-making baldy bull KBHR Revolution H071 and traces back to the legendary Coleman Donna 386, the foundation female of Coleman Angus.

On paper, this elite female ranks in the top 10% for WW, top 5% for YW, top 2% for Marbling, top 3% for API, and top 1% for TI—an exceptional balance of phenotype and genetic power that bridges the best of Simmental and Angus pedigrees.

		15	10			40

W/C BLACKCAP MAY 3104L was our pick of the bred heifers from the 2025 Werning Cattle Company offering.

This beautiful brockle-faced female combines RFS Heavy Hitter H45, a bull we've long admired, with S A V Blackcap May 4136D, a phenomenal Angus cow from one of the most proven and productive cow families in the breed.

Genetically and phenotypically, she checks every box—ranking in the top 1% for Phenotype, top 15% for WW, and top 10% for YW. As an outcross to our program, she will mate seamlessly with any of the bulls we've raised or promoted. Her first calf, a TSN Statesman K006 son, will be a feature lot in our 2026 Fall Bull Sale

Selling one IVF cycle with an open top, guaranteed for 6 viable embryos.
Buyer covers all flush expenses and provides semen of choice.

165 / IVF FLUSH PICK RIVER CREEK DONORS

This is a truly unique opportunity, and we're excited to offer it. For the first time ever, we're opening up the River Creek donor pen and selling one flush on any RVR-prefixed female. We've included several highlight females on this spread, but this opportunity grants you genetic access to our very best daughters sired by KBHR Homelander, Revolution, Powerball23, and Quadrant.

Selling one IVF cycle with an open top, guaranteed for six viable embryos. Buyer is responsible for all flush expenses and must provide the semen of their choice.

The buyer is invited to visit the ranch, walk through the donor pen, and select their favorite female. Opportunities like this don't come around often.

BAS NEW HEIGHTS SEMEN PACKAGES

- BAS NEW HEIGHTS M4042 is the best son in existence of BAS MONEY MAKER J801 who is in short supply. Much like his sire he offers a white face and great figures. He is top 1% for WW, YW, ADG, MILK, MWW, STAY, CW, REA & TI.
- New Heights is a cheat code to make front end purebred Simmental bulls and females and instantly fix any holes they may have in their EPD profile. He is out of the best cow family from Bielenberg Simmentals. New Heights is big framed, really long and is super docile. We are offering a limited amount of semen on him this fall before we open semen sales up this spring.

SCHOOLEY/EOR MAINSTAY SEMEN PACKAGES

- SCHOOLEY/EOR MAINSTAY M06 has up to this point been exclusively used at River Creek Farms and Gibbs Farms. We both fell in love with him this spring sale season and instead of butting heads we choose to partner with each other and promote this great baldy bull in two different parts of the country. MAINSTAY is the best baldy son of the super popular GB FIREBALL 672. His dam KBHR MISS AURORA K130 is the lead donor for our friends at English Oak Ranch in Savannah, GA. Aurora is the best female Keller's have ever put through their production sale and the proof is in the pudding as Mainstay was out of the first flush of calves K130 has had. Because we've had so many inquires we are offering you 100 units in ten 10 unit packages in this sale. Baldies with great figures are in high demand. Take advantage of the opportunity to get some of his first calves!

BRED HEIFER PACKAGES

PACKAGE A

The KBHR BOLD RULER H152 females were acquired in Wyoming to add numbers to our heifer development program and so we can showcase our outstanding heifer bulls. With our nation in a rebuilding cow herd mode this high-quality set of females offer similar genetics to our own program. Bold Ruler is out of BAR CK MS X38 106Z the dam to KBHR HOMELANDER J071. This set of heifers are great structured, stout, big bodied and easy fleshing.

Package A
View Video

PACKAGE B

The NLC COW BOSS 160C females were acquired in Wyoming adding to the group we purchased for our heifer development program. NLC COW BOSS 160C is a very unique bull who is extremely soggy bodied, easy fleshing, and super sound. His progeny have proven to work well in large arid range land. We expect these females to handle the toughest conditions and remain in the herd along time. They are bred to our superb heifer bulls and in future years can be bred to our power bulls. You'll love their type.

Package B
View Video

PACKAGES C-F

The commercial bred heifers were purchased as opens from Pryor, MT. They are out of multiple sire pastures and some are even out of AI bulls. The cow herd is derived from multiple years of Aline to top Angus and Sim Genetic bulls. The herd is from a large range land area.

Package C-F

FOUNDATION REGISTERED SIMANGUS BRED HEIFER PACKAGES

This impressive set of females are all foundation registered with the American Simmental Association, with the exception of the final package. We proudly support customers who support us—and these heifers come from one of our most loyal and progressive partners, a customer who purchases the majority of their bull battery from River Creek each year, often outbidding seedstock breeders for our top-end bulls. Each female has been parent DNA-validated, allowing full registration in the ASA database and grouping into common sire lines. SimAngus heifers of this quality, uniformity, and genetic integrity have become extremely hard to find.

Each heifer is bred to our uniquely designed heifer bull, TJ NORTH 528L—a blaze-faced standout ranking top 1% CE, top 2% BW, top 1% MCE, top 35% STAY, top 5% DOC, top 20% MARB & TI, and top 10% API. The TJ North calves born this spring at River Creek have been exceptionally correct, deep-bodied, and attractive—many blaze-faced, with outstanding structure and balance.

HOMELANDER

PACKAGES FF TO MM

Black white face heifers bred to our solid black AI sire KBHR HOMELANDER J071. He is Top 10% CE, Top 30% BW, Top 1% WW, MARB, API & TI. Top 2% YW & REA. The heifer calves will be top replacements and the bull calves will have as much balance, growth and carcass as anything beef cattle in the country. They were Aled on 5-28-2025 with no bull exposed and are due March 2026.
